

NEW PRODUCT

Belt Drive TandemX Pump - Bellhousing Kit

MAY 2016

KSE's new Belt Drive TandemX Pump - Bellhousing Kit provides a complete fuel & power steering pump setup with drive components for modified & late model applications utilizing Bert / Brinn style bellhousings. This kit includes a Belt Drive TandemX Pump (PN# KSC1064-002), Bert / Brinn Mounting Kit (PN# KSC1059), Billet Bypass Fuel Regulator (PN# KSC2005), 40 Tooth HTD Pulley & Pulley Guides (PN#'s KSD1019 & KSD1061), and 600mm HTD Belt (PN# KSM1058-600). This kit was designed to provide quick & simple pump installation, easy fuel pressure management, and a complete drive kit setup with a 22 / 40 Tooth HTD Pulley combination for increased low speed power steering assist.

Belt Drive TandemX Pump - Bellhousing Kit

TandemX Pump Kit For Modified & Late Model Applications Utilizing Bert / Brinn Style Bellhousings. Includes: Belt Drive TandemX Pump (KSC1064-002), Bert/Brinn Mounting Kit (KSC1059), Bypass Fuel Regulator (KSC2005), 40 Tooth HTD Pulley & Guide Set (KSD1019 & KSD1061), and 600mm HTD Belt (KSM1058-600)
PN# KSC2021-002

Product Features & Benefits

- Clean & Simple Belt Drive TandemX Pump Setup
- Perfect For Modified & Late Model Applications
- Utilizes Bypass Fuel Pressure Regulator
- Works With Gas & Alcohol Fuel Applications
- Mounting Kit For Bert/Brinn Style Bellhousings
- Optimized Drive Kit For Improved Power Steering Assist
- Manufactured From Lightweight, Billet Aluminum
- 100% Manufactured & Built In The USA
